

CITROEN

A CAR IS A MUST IN EUROPE.

DIRECT FACTORY EUROPEAN DELIVERY PLANS

TAKE TO EUROPE'S ROADS... IN EUROPE'S GREATEST ROAD CAR

To see the real Europe, see it by car. And Citroen is the way to really see it. Citroen's built to take you anywhere you want to go—comfortably, safely and quickly.

Hydropneumatic suspension smooths out the quaintest cobble-stoned streets to give you a cloud-like ride but with firmness and control. The armchair comfort and restful silence of the fully padded interior mean you can ride relaxed—arrive relaxed.

Citroen's rugged "hemi" head engine can cruise at 90 mph all day on the speed-limitless autostradas, yet still deliver up to 30 miles per gallon. Up and down the Alps or stop-and-go around the Forum, the dual proportional brakes with front discs assure smooth, even stops. Front wheel drive hugs the road for more traction and aerodynamic design gives the utmost stability at any speed.

These and other features are combined in a car the U.S. "Automobile Almanac" rated "Outstanding." Popular Science Magazine called it, "...one of the safest cars in the world." Yet Citroen won its reputation as one of Europe's greatest road cars for its consistent performance, winning most of Europe's toughest road rallies.

See the real Europe this time. And let Citroen show it to you.

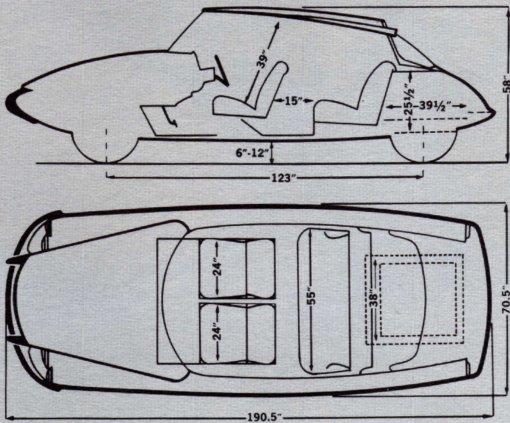

Get in touch today with a member of the Citroen Dealer Network and let him arrange your travel by car. You will find it's the most economical way to tour Europe.

Bon Voyage.

ID-19 ID-20

The ID-19 offers all the exclusive engineering features that are standard with Citroen. Like hydropneumatic suspension, inboard power disc brakes, constant level ride, a rugged "hemi" engine that will easily do 100 mph and still get up to 30 mpg economy.

The ID-19 and ID-20 combine safety, luxury, beauty—at a price even young families can afford. These are just some of the reasons why it is one of Europe's most popular full-size cars.

The ID-20 is available with Euro-
pean specifications only.
(Finance Plan)

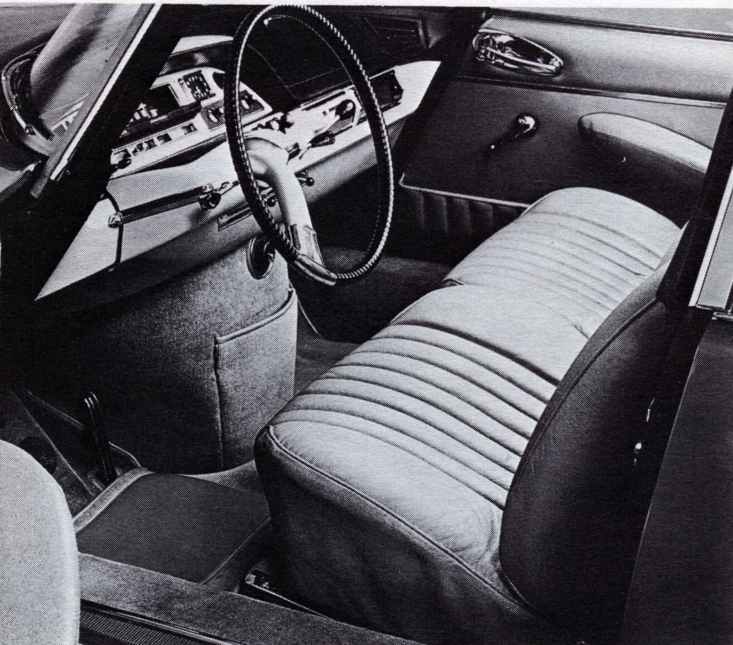

DS-20 DS-21

The ultimate road car combining the finest handling and stability — with exceptional comfort and silence. And 25 mpg at cruising speeds. This is the Citroen that wins the European Rallies... and the one that will smooth out the longest journeys, and take you anywhere—relaxed.

All the Citroen engineering features are standard. Your choice of Citromatic Drive (no clutch pedal), or 4-speed manual all-synchro transmission, at no extra cost. DS-20 is available with European specifications only. (Finance Plan)

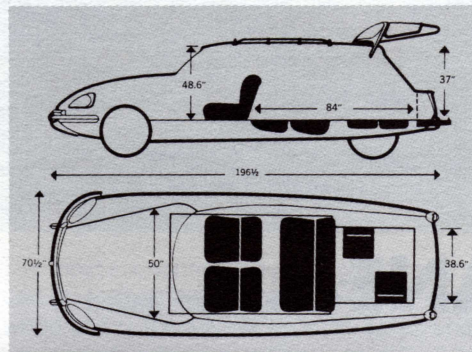

DS-20 PALLAS DS-21

From the elegance of its plushly carpeted interior to its richly upholstered reclining front bucket seats, the Pallas is the most luxurious road car. Skilled craftsmen build each with attention to detail that befits a car of Citroen's stature. Generous padding is made even softer. Acoustical treatment seals out sound. Accessories are appointed in chrome and stainless steel. Genuine leather upholstery is offered optionally. Now add all the engineering and performance of the DS-21. This is the car rated "Outstanding" by U.S. "Automobile Almanac." Also available in DS-20 version with European specifications only.

STATION WAGON

The D-21 Wagon combines all the Citroen features in a car designed for large families and their luggage. Your choice of 6/7 passenger models with middle bench and rear jump seats that fold down to provide large cargo space. Constant level ride keeps this Wagon always level—and balanced—regardless of load or weight distribution. Even with a $\frac{3}{4}$ ton load the D-21 still drives like a sedan. (Perfect for pulling a trailer on those family camping trips.) Another exclusive: powerful in-board disc brakes with a dual proportional braking system to give you the quickest, safest stops from any speed. It's the going wagon for goers. Choose 4-speed manual transmission, or Citromatic Drive (no clutch pedal). D-20 model available only with European specifications.

AMI-6 SEDAN—STANDARD WAGON AND LUXURY "CLUB" WAGON

Traditional Citroen roadholding, coupled with 44 miles per gallon economy, make the AMI-6 one of the most outstanding compact cars of today. The rear seat can be folded forward, or even removed, so that the entire rear of the car can be utilized for luggage. A special bonus feature is the sizeable compartment under the rear deck which provides concealed storage space for cameras or other valuables. The luxury "Club" wagon available with reclinable bucket seats and foam-padded carpeting.

DYANE-6 SUN ROOF WAGON

Need a car in Europe for more than a month? Under the Citroen Financed Purchase-Repurchase Plan, you can drive the new Dyane-6 for up to 6 months. You pay by *time*, not by *mile*. And you save in many other ways. The Dyane-6, like its predecessor the 2-CV, is one of the few "fun" economy cars. Roll back the top and you can cruise in the sun all day at 68 mph—with 45 mpg economy. Yet the thrifty Dyane-6 is an immensely roadable car, and surprisingly spacious.

MEHARI

The perfect vehicle to take camping, hunting or any place where you're "roughing it." Two or four seater with large load platform in rear for all your gear. All plastic "Kralastic" body defies corrosion. Tarpaulin top is standard equipment.

2CV

The most economical way to travel through Europe. You can go further for less, than with any other car in the world and still enjoy the comfort, safety and dependable performance that are a Citroen tradition. Delivers up to 55 miles per gallon, accommodates 4 passengers comfortably, has adjustable front seats (removable front and back), provides efficient heating and features a roll-back sun-roof for good weather enjoyment. Particularly good for mountain driving, the air-cooled engine will never overheat on the long pulls and front wheel drive gives you greater roadability and safety.

TECHNICAL DATA

ID-19

Engine Displacement	1985 cc. (121.1 cu. in.)
Power SAE	91 bhp @ 5750 rpm
Gear Box	4 Speed all synchronized
Power Train	Front Wheel Drive
Brakes	Dual Proportional System Front: Inboard power disc brakes Rear: Drum type
Tires	Michelin 180 HR 380 "X" AS
Suspension	Hydropneumatic. Constant Level Ride, Power Jacking, Adjustable Road Clearance.
Wheelbase	123"
Weight	2775 lbs.
Shipping Volume	450 cu. ft.
Top Speed	Approximately 100 mph
Gas Mileage	27-30 mpg

AMI-6

SEDAN—STANDARD WAGON
AND LUXURY "CLUB" WAGON

Engine Displacement	602 cc. flat twin air-cooled
Power SAE	35 bhp @ 5750 rpm
Gear Box	4 speeds synchronized
Power Train	Front Wheel Drive.
Brakes	Drum type, inboard on front wheels.
Tires	Michelin 125 x 380 "X" SC on sedans. Michelin 135 x 380 "X" SC on wagons.
Suspension	Coil springs with longitudinal interaction between front and rear wheels.
Wheelbase	94.5"
Weight	1290 lbs. for sedan. 1323 lbs. for wagons.
Top Speed	76 mph for sedan. 74 mph for wagon.
Gas Mileage	44 to 45 mpg
Available with European specifications only.	

DS-20 D-20 WAGON ID-20 DS-20 PALLAS

Engine Displacement	1985 cc. (121.1 cu. in.)
Power SAE	103 @ 6000 rpm
Transmission	4 Speed all synchro. Stick shift. Citromatic Drive optional on DS-20 sedans and wagons.
Power Train	Front Wheel Drive
Brakes	Dual Proportional System. Front: Inboard Power Disc Brakes. Rear: Drum Type.
Tires	Michelin 180 HR 380 "X" AS
Suspension	Hydropneumatic. Constant Level Ride, Power Jacking, Adjustable Road Clearance.
Wheelbase	123"
Weight	2775 lbs.
Top Speed	103 mph
D-20 Wagon specifications similar to above except:	
	Weight: 3050 lbs.
	Top Speed: 100 mph

Available with European specifications only.

DYANE-6

Engine Displacement	602 cc. flat twin air-cooled
Power SAE	33 bhp @ 5500 rpm
Gear Box	4 speeds synchronized
Power Train	Front Wheel Drive
Brakes	Drum type, inboard on front wheels.
Tires	Michelin 125 x 380 "X" SC
Suspension	Coil spring with longitudinal interaction between front and rear wheels.
Wheelbase	94.5"
Weight	1224 lbs.
Top Speed	70 mph
Gas Mileage	50 mpg

Available with European specifications only.

DS-21 DS-21 PALLAS

Engine Displacement	2175 cc. (132.7 cu. in.)
Power SAE	117 bhp @ 5750 rpm
Transmission	4 Speed all synchro. Stick shift or Citromatic Drive.
Power Train	Front Wheel Drive
Brakes	Dual Proportional System. Front: Inboard Power Disc Brakes. Rear: Drum Type.
Tires	Michelin 180 HR 380 "X" AS
Suspension	Hydropneumatic. Constant Level Ride. Power Jacking. Adjustable Road Clearance.
Wheelbase	123"
Weight	2870 lbs.
Shipping Volume	450 cu. ft.
Top Speed	115 mph.

MEHARI

Engine Displacement	602 cc. flat twin air-cooled
Power SAE	33 bhp
Gear Box	4 Speeds synchronized
Power Train	Front Wheel Drive
Brakes	Drum type, inboard on front wheels.
Tires	Michelin 135 x 380 "X" SC
Suspension	Coil springs with longitudinal interaction between front and rear wheels.
Wheelbase	94.5"
Weight	1152 lbs. empty. Payload 880 lbs.
Top Speed	62 mph
Gas Mileage	50 mpg

D-21 WAGON

Engine displacement	2175 cc. (132.7 cu. in.)
Power SAE	117 bhp @ 5750
Power Train	Front Wheel Drive
Transmission	4 speed all synchro. Stick shift. Citromatic Drive optional.
Brakes	Dual Proportional system. Front: Inboard Power Disc brakes. Rear: Drum Type.
Tires	Michelin 180 HR 380 "X" AS
Suspension System	Hydropneumatic. With Constant Level Ride, Power Jacking, Adjustable Road Clearance
Weight	2950 lbs.
Wheelbase	123"
Top Speed	105 mph
Shipping Volume	475 cu. ft.

2-CV

Engine Displacement	425 cc. flat twin air-cooled
Power SAE	18 bhp @ 5000 rpm
Gear Box	4 speeds synchronized
Power Train	Front Wheel Drive
Brakes	Drum type, inboard on front wheels.
Tires	Michelin 125 x 380 "X" SC
Suspension	Coil springs with longitudinal interaction between front and rear wheels.
Wheelbase	94.5"
Weight	1144 lbs.
Top Speed	52-55 mph
Gas Mileage	Up to 55 mpg

Available with European specifications only.

EUROPEAN DELIVERY PLANS DIRECT FROM THE FACTORY

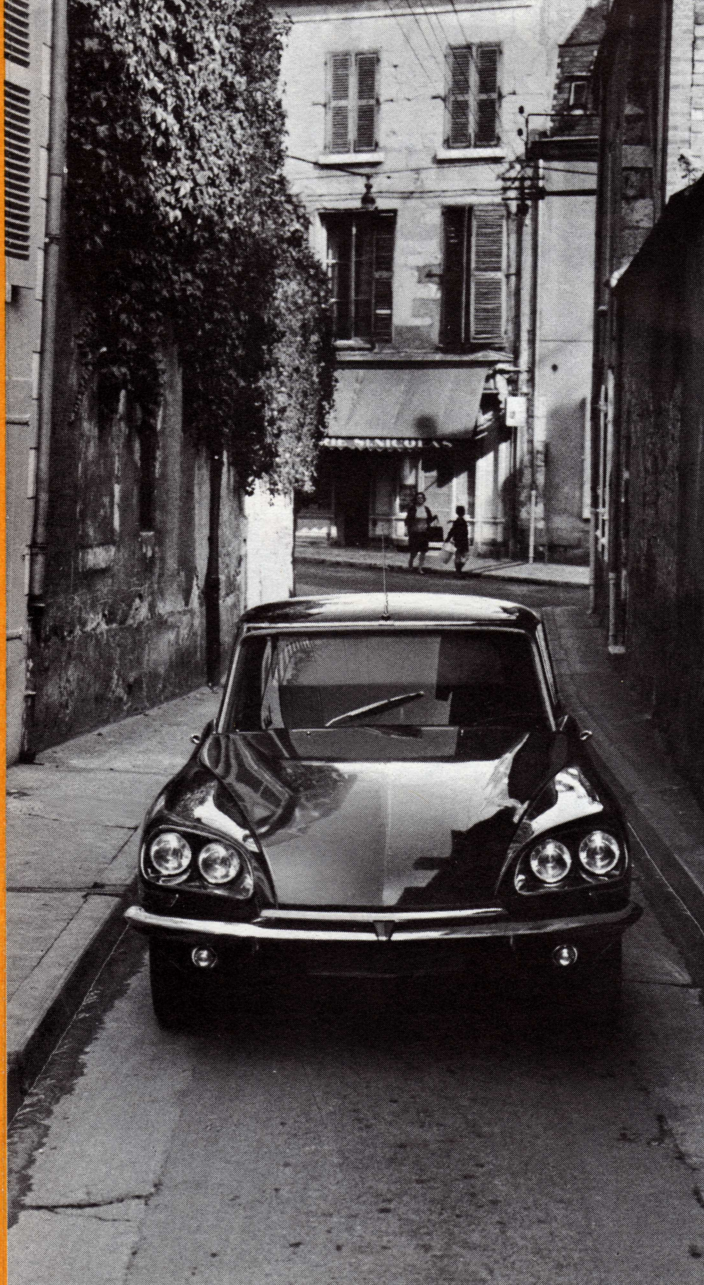

A. PURCHASE PLAN

Order your new Citroën U.S. model here, and take delivery in Europe directly from the factory. Use your car while touring and ship it back home at the end of your trip. All Citroën cars are covered by Factory Warranty and serviced by more than 6000 Dealers in Europe, and in the U.S.A. by the coast-to-coast network of Factory Authorized Dealers supplying parts and service. All U.S. models available under the Purchase Plan (ID-19, DS-21 series and D-21 Wagons) meet U.S. Federal safety and anti-pollution requirements.

The AMI-6, Dyane-6, 2CV, ID-20, DS-20 and D-20 Wagon are available with European specifications only.

B. FINANCED PURCHASE-REPURCHASE PLAN

Order here for the use of a new Citroën in Europe. You pay by time, not by mile. This is the most economical way to see Europe in a car. You are always assured of getting the most appropriate car for your trip and your budget. The cost is less than rentals; and your transportation expense is easier to figure.

Bring back a Citroën. A little of the real Europe comes along with it.
